MISPLACED MONEY

If Toronto's "stork derby" never is heard of again, it will be too soon. The four women who contributed nine children apiece to Ontario's population have been paid off under Charles Vance Millar's will at the rate of \$11,111 for each child, and two runners-up have settled for \$12,500 apiece. If it costs \$500 a year to maintain a child (the U. S. bureau of internal revenue uses that figure) the net gain will be only a few hundred dollars.

The Millar will, it is said, contained this eccentric bequest to satisfy the cynicism of the man who made it. Considering how it turned out—the frantic competition, the virtual inevitability of a tie, the work which has been done for lawyers, the tragic circumstances which tempted contestants to multiply their difficulties by producing children who may not have been wanted—the late Mr. Millar's fellow human beings will agree readily he would have been satisfied had he been able to see what a little misplaced money can do.

THE OTHER FOOT

Brickbats thrown in the heat of political campaigns need not be taken too seriously. Yet, a peculiar situation has resulted from one heaved with extra gusto by new dealers during the 1936 campaign.

At that time employers who set forth their "information and advice" were smeared as attempting employee coercion. New dealers hooted them as un-American rapscallions and worse. Significantly, nothing was said of the new deal's far more successful attempt to influence voters on the public payroll, a magnified spoils system working according to well-oiled political custom.

Nor will the new deal be likely to admit today that there is anything wrong in Harry Hopkins telling WPA workers how he would like to have them vote, or Harold Ickes using his influence as secretary of the interior to meddle in elections. On this foot the shoe doesn't pinch. If Harry and Harold and some of the other boys do it, well, it's just smart politics. If the opposition does it, plague take 'em, it's corrupt.

FILLING THE PRESCRIPTION

Uncle Sam's nephews and nieces are hardboiled in self defense against the multitude of "drives" which have swept like tidal waves from coast to coast within the last few years.

But there is one "drive," begun last November, which apparently is taken seriously—the nationwide protest against the senseless slaughter of men, women and children on city streets and rural highways.

Figures just released by the National Safety Council show a 19 percent reduction in traffic deaths for the first four months of 1938, as compared with the same period last year, or a saving of 2,060 lives.

This sharp decline, unlike the state of the nation or 1,001 other things, can't be blamed on the recession, because mileage figures for the first quarter show an increase of 4 percent over the same three months last year.

Credit for this achievement undoubtedly must be given without reservation to the hundreds of cities which have demonstrated that continuous, intelligent enforcement of traffic rules is a first rate prescription for local, state and national traffic ills.

JOSH LEE AND THE GOTROCKS

Sen. Josh Lee of Oklahoma believes conscription of wealth in wartime would cool off the martial spirit. Perhaps he's right, but his assumption that Mr. and Mrs. Gotrocks heat up the martial spirit in the first place is all wet.

There had to be a scapegoat for the World War fiasco, and the politicians didn't want to be it. So they appointed the Gotrocks. The late Newton D. Baker tried for years to show how it happened, without much success.

CZECHS MUST DEPEND UPON THEIR "NEIGHBORS"

PARIS—Czechoslovakia's safety depends upon her Central European neighbors more than upon France or Russia.

This is the view of General A. Nessel, retired, well known French military authority.

Nether France nor Russia could reach Czechoslovakia in time to prevent the Germans, attacking from three sides, from taking the Sudeten territory, according to General Nessel. He believes that the fate of Czechoslovakia and the other small powers of central Europe depends on their ability to unite against the menace of German encroachment and eventual domination.

Surveys Military Power

Writing in Paris-Midi, General Nessel sets forth these views and gives an expert survey of the distribution of military power today in central Europe.

"The Anglo-French accord," he writes, "cannot help but ameliorate the general situation in Europe. But there is one delicate point it leaves in doubt—the defense of Czechoslovakia against the ambitions of the Hitlerian Reich."

"In putting Germany in contact with the southern frontier of Czechoslovakia, the Anschluss has made the strategic position of the latter very grave."

"By invading Austria in several hours and by surprise, Hitler has shown that nothing will stop him, once he has taken a decision."

Nazi Forces Superior

"Despite the courage of the Czech army (fourteen divisions of infan-

Sen. Lee's conscription idea has cleared the senate military affairs committee, but it's early to get excited. In spite of what their constituents say, congressmen aren't fools. It's bound to occur to them that a law giving the government power to conscript wealth in case of war is an R. S. V. P. invitation to start a war so the money can be collected. Sen. Lee may not have thought of that angle yet.

Another thing he has left dangling is this: Would the salaries of government employees, including the chief executive, all members of the state department, admirals and generals and congressmen be confiscated, too? It would be hard to think of a quicker way to cool off martial spirit than that.

THE STARS SAY:

For Friday, June 3

Although there is a most definite force operating for stabilizing the work and the fortunes generally, yet there may be peculiar situations to encounter in which strangers or new adventures may figure. Be wise in these and use extra precautions with papers, writings, travel and romantic associations.

If This Is Your Birthday

Those whose birthday it is may find themselves confronted by a year in which there may be many sudden and surprising events, although the general trend is toward a stability of the affairs and a soundness of property conditions or investments. Faithful work should bring reward, but radical change seems imminent.

A child born on this day may have conflicting characteristics. Although having a quick, active brain, with an adventurous spirit and much ingenuity, yet it may possess stability and depth. It may be caustic of speech and fiery tempered.

HEALTH

By Dr. Royal S. Copeland,
New York City.

PHLEBITIS

Within recent years a great deal of attention has been given to what the doctors call "peripheral vascular disease." This sounds like something terrible. The term is really used to describe disorders of the blood vessels found in the extremities of the body.

Today I want to tell you about one of the most common forms of peripheral vascular disease. I refer to "phlebitis."

As its name indicates, this word is applied to an inflammation of a vein. Any vein, anywhere in the body, may be affected. But the condition is usually found in the lower extremities. The veins of the thigh or leg are the ones most commonly involved.

This affliction is sometimes associated with obesity—overweight—and is met in those whose occupations demand prolonged standing or walking. It is often found in women after childbirth. Rarely, it occurs after an abdominal operation. Persons who suffer from varicose veins may have phlebitis as an unpleasant complication.

The victim of phlebitis complains of sharp, shooting pains in the involved region. This discomfort is naturally increased with walking or standing. Neglect of early attention results in marked swelling and increased tenderness of the parts involved.

In severe cases, fever, chills and pronounced sweating may occur. I have seen cases in which the pain is so marked that sedatives, opiates, must be given in order to obtain relief. As a rule, the pain and other symptoms subside with rest in bed and elevation of the inflamed leg.

I am sure it is good advice to say there should be no local or general medication unless it has been prescribed by your doctor. Too many sufferers resort to liniments rather than good. Their use may lead to increased inflammation of the diseased vein.

Elevating the leg, if the trouble is there, may relieve the pain. Cold compresses to the area of the inflamed vein will do good. Once the pain has subsided and the inflammation has disappeared, it is important to make every effort to improve the general health of the patient.

Phlebitis has been traced to diseased tonsils, infected teeth and nasal sinuses, and to other pus centers, perhaps far removed from the inflamed vein. These pus-generating areas must be properly treated. It is well to have any tendency toward constipation.

TRAFFIC PLAN

Editor, The News:

It is imperative that some plan be devised to solve the traffic problem in Salem, giving consideration to the motoring public and the safety of pedestrians.

We can begin by educating local motorists to use Pershing st. and Second st., thereby relieving State st. for through traffic.

In order to utilize Pershing and Second sts. as secondary arteries of traffic, suggest the following plan:

Route traffic from Route 45 south at the intersection of Broadway and State to Euclid, thence to Lincoln.

Route north bound traffic from Route 45, north on N. Lincoln to Superior ave. to 7th street, to N. Ellsworth ave.

Make Penn one way, south only, State to Pershing, no left turn from State.

Make Lundy one way, north only, from Pershing to 2nd, no left turn from State.

Make N. Broadway one way, north only, from State to 4th, no left turn from State.

Make Howard one way, south only, from 2nd to Pershing, no left turn from State.

Stop double parking of delivery trucks, bakery trucks, beer trucks, etc. on State and S. Broadway. We need them for traffic.

Data shows the tourist's dollar to be divided as follows: Transportation costs 20c, hotels and other lodging 20c, miscellaneous retail purchases 25c, restaurants 21c, confectionery 6c, amusements 8c.

He may travel 40 miles or 400 miles, but he is still a tourist and we can't get our share of his dollar by shutting him around the city instead of making his travel a pleasure through the city.

Respectfully,
A READER.

DURHAM, N. H.—This hill town is proud of the longevity of its residents. Of the nine persons who died here last year, the average age was 70 years.

HELP KIDNEYS PASS 3 LBS. A DAY

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 8 pounds of waste. Frequent or scanty passage with aching and burning shows there may be something wrong with your kidneys or bladder.

An excess of acids in your blood, when due to functional kidney disorders, may be the cause of nagging backache, rheumatic pains, leg pains, loss of sleep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

COLUMBIANA

Announcement has been made of the marriage of John C. Barton, local high school science instructor, and Miss Frances Marie Frankford, daughter of Mr. and Mrs. Charles Frankford, North Lima road.

The ceremony was performed by Rev. J. K. McDuff of the New Cumberland, W. Va. Presbyterian church. The couple left Tuesday for a brief trip through the north-west, stopping enroute for a visit with relatives of Mr. Barton in Minnesota. They plan to spend most of the summer in Columbus and return to Columbiana in September.

Columbiana High school students and friends are celebrating the school's first state championship in history as a result of Coach Waldo Ward's track teaming capturing the Class B title at Columbus Saturday. The red and white 30 points shaded the 27½ points of the second-place Upper Arlington squad, last year's champion.

Bill Entriaken won the 220 yd. dash and placed second in the 100 yd. dash and broad jump; Bob Entriaken placed second in the 220 yd. low hurdles and third in the 120 yd. high hurdles. Fisher won the shot put and the 880 yd. relay team of Fisher, Bauer and the Entriakens placed third. The fine large trophy is attracting much attention in a local store window.

GREENWICH, Mass.—Searching Quabbin reservoir area for material to build a fireplace, Charles S. Knight found a 287-year-old handmade brick slightly smaller in length and width but a bit thicker than today's variety, the brick is clearly marked with the date 1651.

HOLD BANQUET AT GREENFORD

Alumni Association Rallies at 34th Annual Dinner

The 34th annual banquet of the Greenford High School Alumni association was held in the High school auditorium Tuesday evening. 92 members of the group and guests attended.

Ladies of the Greenford Christian church served the dinner, assisted by six girls of the junior class.

Dinner music was played by Roger Hampton while Ruth T. Roller led the group singing. The principal address was given by Atty Edmund Peters of Salem. The program was presented by members of the Bettie Lee dancing school.

The class of 1918 was awarded a prize for the largest number of members in attendance at the banquet.

New officers of the association are: President, Herbert Gee; vice president, Clarence Kuhns; secretary-treasurer, Eleanor Lambright.

TORONTO—Thieves who took 50 shoes from a local shoe factory no doubt thought they had quite a haul until they tried on the shoes. They were all for the left foot.

ASHRIDGE HAS SCHOOL PICNIC

Program Is Presented At Outing; 130 Are Present

DAMASCUS, June 2.—The Ashridge school and parents enjoyed their annual picnic on the last day of school, Friday. The event was held in the evening with approximately 130 present.

A program was presented by the pupils as follows: Song, school; recitation, "The Turtle"; Bruce Greenamyer; dialogue, "Sues' Beau to Dinner"; song by first four grades; exercise, "The Peddlers"; song, Earl Bardo; dialogue, "Bridget Makes a Mistake"; recitation, "Six Years Old"; Lois Steer; song, girls; dialogue, "Getting Even With Sister's Beau"; recitation, Elmer Pemberton.

Recitation, Mary Lou Balfour; piano solo, Geraldine York; dialogue, "Mr. Chubb's Housekeeping Trials"; recitation, Joan Wood; song, school. The teacher, Mrs. Ivan Townsend, has been re-hired for another year. Pupils who were not absent or tardy during the year were Evelyn and Earl Bardo, Clara Warrington, Bobby Preston and David Barick.

WAKE UP YOUR LIVER BILE—
Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks pink.

A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. 25c. Stubbornly refuse anything else.

Theater Attractions

Ginger Rogers and James Stewart as a new romantic team in "Vivacious Lady," at the State theater Friday and Saturday.

James Stewart and Ginger Rogers are paired as a new romantic team in the highly entertaining new comedy, "Vivacious Lady," which will be the State Theater's attraction Friday and Saturday.

The lively story revolves around the unusual romance of a vivacious night club beauty and a studious botany instructor which starts in New York, progresses through a whirlwind courtship and is climaxed with marriage.

Back Home Again
The couple return to the groom's home town in update New York, where he serves as a professor in a university presided over by his father, a man of high ideals and strict morals.

Afraid to admit he is married to the pretty singer, the young pedagogue arranges with his romantic wife that they live apart until he can break the news gently to his austere parent.

From this novel situation stems the picture's hilarious action with the groom's ex-fiancee, his prudish father, an effectual mother and a playboy cousin himself fond of the secret bride, all contributing to the mad series of events.

James Stewart, remembered for his superb performance in "Seventh Heaven," appears opposite Ginger Rogers in the co-starred role of the frustrated groom. Other important roles are filled by James Ellison, as the cousin, Charles Coburn, Beulah Bondi, Frances Mercer and Phyllis Kennedy.

Concluding Tonight
Concluding at the State tonight is the comedy romance, "Hold That Kiss," with Maureen O'Sullivan, Dennis O'Keefe and Mickey Rooney. "The Singing Outlaw," featuring Bob Baker, will be seen at the Grand Friday and Saturday.

Concluding tonight at the Grand is "Torchy Blane in Panama," with Paul Kelly and Lola Lane in the leading parts.

OFFICIALS FACE BRIBERY COUNT

Mayor, Councilman Are Charged With Malfeasance In Office

JOHNSTOWN, Pa., June 2.—Mayor Daniel J. Shields and Councilman Fulton I. Connor faced charges of bribery, extortion and malfeasance in office Wednesday in connection with the financing of a special "law and order" force during last summer's "little steel" strike here.

CIO officials termed members of the force "vigilantes," in testimony before a national labor relations board examiner.

The information filed by County Detective John F. Carroll last night before Alderman J. Alvin Reese claimed Shields received \$36,449.50 which had been donated by the Bethlehem Steel Company.

Before posting bail of \$2,500 pending a hearing, Mayor Shields issued a statement saying:

"I am anxious to have the issue brought out to end the assassinations I have endured. You are not going to be ashamed of the man you made mayor of Johnstown in 1935, x x x

"I charge that what I did last year was one of the greatest successes of my life. A most trying problem was solved without bloodshed; solved within our own city family.

"Just as fearlessly as I faced those fellows who came into our midst last year, I face these charges."

Connor, who furnished bond of \$2,000, acted for a time as treasurer of the Citizens committee of Johnstown, which was organized during the strike here to help "maintain law and order" and to "furnish protection to the men who want to work" from "interference by outsiders."

Highland Church
Highland church services Sunday will be as follows: Sabbath school, 9:45 a. m. Mrs. Will Steele, supt.

Special music in charge of Viola Dotson; morning worship, 11 a. m.; evening service at 8 p. m. with Rev. Arthur Cope, pastor, in charge.

Members of the Sunday school have completed the renovating and redecorating of the church.

CONFESSES SHE'S NO AUTO DRIVER

But Eddie Rickenbacker's Niece Has Learned To Fly Plane

COLUMBUS, June 2.—It might seem like a pretty tough confession for 18-year-old Marian Pflaum—being a niece of Eddie Rickenbacker, the famed World war ace—to admit that she can't even drive an automobile, but she has one good defense:

She can fly an airplane.

Lets Others Take Autos
"When it comes to automobiles," Marian said smilingly, "I'd rather let somebody else do the work."

Rickenbacker, it will be remembered, was an automobile race driver before the World war, but otherwise his niece—tall, blue-eyed and brown-haired—has much in common with him.

She lives here with her mother, Mrs. Mary A. Pflaum, sister of the air ace, in the Rickenbacker home- stead which Eddie led to enter the war and to which he returned nearly 20 years ago, acclaimed as one of America's foremost air heroes.

Rickenbacker now checks in at New York City and the two women are the only members of the clan residing here.

Miss Pflaum said she was the only other member of the Rickenbacker family who can pilot a plane, yet her mother raised no objections when Marian announced last January that she was going to take flying instructions.

"Uncle Eddie got her over that," she explained. "He said 'go ahead, but be careful.'"

Freshman at O. S. U.
Miss Pflaum, freshman in commerce at Ohio State university, is one of three women members of the university flying club. She also belongs to the National Intercollegiate Flying club and the National Aeronautics association.

She said she took up flying more as a hobby than anything else since she felt commercial opportunity for women flyers outside the spectacular is limited.

"The first time I took a plane up, I had one reaction—exhilaration," she said, intimating she might look into the spectacular phase more deeply when she becomes more experienced.

BAKERY STRIKE IN PITTSBURGH

Bread Supply Is Cut As Ovens Are Allowed To Cool Down

PITTSBURGH, June 2.—Bread supply became a problem today for several hundred thousand families in the Pittsburgh district as the ovens of 35 major baking companies cooled because of a strike of 1,400 truck drivers.

Also idle were 2,400 inside employees as leaders of the American Federation of Labor's Bakery Truck Drivers union predicted they would join the drivers in a sympathy walkout.

Fighting broke out and two men were hurt as 58 trucking companies formed picket lines on principal highways to prevent freight movements by seven firms which signed a union contract.

The strike became effective last midnight, 24 hours after the AFL's general Teamsters, Chauffeurs and Helpers union ordered out 1,000 long distance motor freight haulers, halting movements into and out of Pittsburgh.

Wages are not an issue, the bakeries offering to renew the 1937 contract. George E. Frazier, business agent for the union, said the men were demanding seniority rights, a closed shop and use of the union label on all products.

The truckers demanded an increase of five cents an hour.

**WELCOME PROBE
OF STEEL MILL**
Answers Charge Made By
National Labor Rela-
tions Board

(By Associated Press)
MIDDLETON, June 2.—C. H.
Murray, assistant to the president
of the American Rolling Mill Co.,
said here today "we welcome a
thorough investigation of any of
our activities," in reply to National
Labor Relations board charges of
violation of the Wagner act.
The board in Cincinnati yester-
day charged the company with
violating employers' associations to
prevent union organization at the
Ashland, Ky., plant, assaults on
union members, and domination of
municipal elections. The board set
a hearing for June 7 at Cateles-
burg, Ky.
"If there is any doubt in the
minds of the labor board or the
committee for Industrial Organiza-
tion as to the sentiment of
Ashland men in Ashland we suggest
election be held immediately,"
Murray commented. "We will readily
submit to an election there."
Murray asserted the complaints
were "apparently the aftermath"
of unsuccessful attempts of the
CIO to enlist members of the com-
pany plants in the union. He said
there was no trouble at the plant
and added that "we will leave it
to the community whether or
not they have been dominated."
The Steel Workers Organizing
Committee's Ashland lodge filed
a complaint. The charges con-
tended that Armco, an independent
producer, threatened to close the
plant if employees continued their
membership. They said 25 employees
were discharged and four demoted
for union activity.
Municipal candidates with union
sympathies were opposed by Armco
in the political campaign, the
charges stated. The SWOC com-
plaints also charged that the company "fostered
and dominated" the "Ashland
plan of employee representa-

tion."
Charles R. Hook, president of the
National Association of Manufac-
turers, is president of the company,
and headquarters here.

IRON, STEEL HIT NEW LOW MARKS

Business Review Shows Trend of Downward Movement

(By Associated Press)
CLEVELAND, June 2.—The Federal
reserve bank reported in its monthly
business review that new lows "for
latest downward movement, which
began last fall," were touched dur-
ing April and May in such lines as
iron and steel, automobile parts,
tires, retail and wholesale trade.
"In contrast with last year," the
review said, "industrial areas showed
declines in manufacturing em-
ployment ranging between 20 per
cent at Cincinnati and 41 per cent
at Toledo. In May, further cur-
tailment was reported at several of
the larger plants, chiefly in the
auto parts, tire, machine tool and
steel industries."

Department store sales for the
first four months of the year were
12 per cent under last year, the
bank's statement said, and furni-
ture store sales were down 39 per
cent.

"Sales of new life insurance in
this section in April dropped to the
lowest level in many years," the re-
view said, "even below the 1932 fig-
ure and the decline from last year
to date was 39 per cent. In the
first half of May the drop from last
year was smaller, but there was
no improvement over April."

"In the industrial field, further
declines were quite general in April
and early May. Reports received
from smaller centers indicate that
operations in their general manu-
facturing plants compared more fa-
vorably with last year than did
those in large industrial areas.
Road-building and excavating equip-
ment sales, so far this year, were
reported ahead of 1937, and glass
container demand also was bet-
ter."

Cripple Is Held On Murder Court

HAMILTON, June 2.—William
White, 65, a cripple, was held on a
first degree murder charge here
Wednesday in the fatal shooting of
his neighbor, Milton Johnson, 50,
because he believed the Johnsons
were feeding him poison.

White was captured by a squad
of police who hurried tear gas to
route the man, armed with a shot-
gun, from his shack on the John-
son property. Detective Sergeant
Hershel Haines said White fired
from a window of his crude home
as Johnson worked in his garden.

Refusing to come out, White
fired one blast at the officers as
they hurried tear gas into the build-
ing. Then he limped out on crutches
and surrendered.

Haines quoted Mrs. Johnson as
saying that White had been "act-
ing queerly" lately and had accused
her of feeding him "poisoned
grease."

WATERWAY PLAN HAS OPPOSITION

American Proposal For St. Lawrence Project Encounters Foes

(By Associated Press)
WASHINGTON, June 2.—A new
American proposal for developing
the St. Lawrence waterway en-
countered opposition Wednesday
from many of the senators who
blocked the \$500,000,000 project four
years ago.

Secretary Hull submitted to Can-
ada last night a revised treaty by
which the two nations would con-
struct a huge hydro-electric power
project and a 27-foot channel to let
reaching vessels reach the Great
Lakes basin.

The proposal differs in one ma-
jor point from the treaty rejected
by the senate in 1934: The United
States would proceed with her
share of the work at once, but Can-
ada could wait until Dec. 31, 1949,
when her power needs are greater.

The American offer to finance
construction by Canada of a water-
way around international rapids
drew immediate fire from Senator
Wagner (D-N.Y.). He approved, how-
ever, Hull's suggestion that the
United States build a hydro-electric
project at the rapids to supply
1,100,000 horsepower in cheap cur-
rent each year for American con-
sumers.

Senator Copeland (D-N.Y.), the
other senator from President Roo-
sevelt's home state, announced he
was against the seaway project "1,000
per cent." He called it "an all-British
canal."

Senator Clark (D-Mo.) pointed out
that the treaty would permit di-
version of only 1,500 cubic feet of
water a second into the Chicago
drainage canal. He said the Mis-
sissippi river must receive more
water than that from the canal in
order to fill a proposed nine-foot
channel.

Senator Clark saw no possibility
of passage.
"The senators who are interested
in the development of the Missis-
sippi are never going to agree to
let a commission fix the amount of
water that can be diverted from
the Great Lakes into the river," he
declared.

The United States' share of the
cost would be about \$225,000,000.

SUGGESTS BODY TO STUDY TAX

Nonpartisan Commission Seen As Aid To Tax Situation

CHICAGO, June 2.—President
Charles R. Hook of the National
Association of Manufacturers recom-
mended Wednesday appointment
of a nonpartisan commission to
study taxation systems and work for
their simplification and improve-
ment.

The commission, he said in a pre-
pared address to the Chicago asso-
ciation of commerce, should include
representatives of the congressional
joint committee on internal re-
venue taxation, the treasury depart-
ment, major branches of produc-
tive enterprise and independent tax
economists. He continued:

"It should consider both principles
and forms of taxation, and the
manner in which they affect the
taxpayer, who must continue to
have income if his government is
to have revenue."

"I am convinced that this is the
proper and expedient approach to
a problem of such urgency and
magnitude. The recommendations
of the commission, when acted upon
by congress, would tend to remove
taxation principles from the year-
to-year basis of congressional re-
vision, with the accompanying un-
certainty and disturbance."

"Sheer economic nonsense," he
labeled the notion that overproduc-
tion caused the depression, and
added:

"As long as an individual or
public need remains unfilled, there
can be no such thing as overpro-
duction in America."

Rail Head Refuses Comment On Rumor He Is After Loans

CLEVELAND, June 2.—A non-
committal "I haven't seen the
story" was Robert R. Young's only
comment on persistent reports that
he, as controlling figure in the rail
domain founded by the Van Swer-
ingens, was seeking a \$25,000,000
loan for the Erie railroad.

Financial circles have linked the
name of Young and Frederick H.
Prince, Armour & Co. chairman,
with a rumored plan under which
Prince would underwrite with the
Chesapeake & Ohio railway a loan
for the Erie, offering rights to cur-
rent shareholders.

Prince was not immediately avail-
able for comment. It was under-
stood that Prince bid unsuccessfully
for key rail securities which
brought Young nominal control of
one of the nation's largest carrier
networks.

The profitable C. & O. holds
controlling interest in the Erie.

FDR SPEAKS AT NAVAL ACADEMY

President Addresses Mid- shipmen Who Gradu- ate from School

ANNAPOLIS, Md., June 2.—Presi-
dent Roosevelt advised the naval
academy's graduating midshipmen
today to acquire a well-rounded
knowledge of "modern civilization"
in addition to their training as offi-
cers of the navy.

"That applies," the President said,
"to all of world thought and world
problems, but it applies, of course,
with special emphasis to the thought
and problems of our own nation."

The President stood before the
white bloused graduates as their
commander-in-chief and told them
they would never "reach the top
and stay at the top" unless they
became well-rounded in their
knowledge of all factors of civiliza-
tion, "that lie outside of your own
special profession."

He gave this a political twist
when he recalled an incident in a
conversation he once had with Presi-
dent Theodore Roosevelt.
He related that a conservation
bill, strongly recommended by The-
odore Roosevelt, had been defeated
in congress by a coalition of mem-
bers who saw no special advantage
to their own congressional districts.

"I wish," the present chief ex-
ecutive quoted Teddy Roosevelt as
saying, "we could have a constitu-
tional amendment requiring that
no person could run for congress
unless he had visited every one of
the 48 states in the union."

FARM PRODUCTS PLAN OUTLINED

Administration May Use Relief Funds to Buy Up Surplus

(By Associated Press)
WASHINGTON, June 2.—Presi-
dent Roosevelt and his advisers are
working on a plan, agriculture de-
partment officials said today, to
use several hundred million dollars
of relief funds to increase
domestic consumption of surplus
farm products.

The program, discussed at a
White House conference this week,
would have a two-fold objective:
1. To supplement efforts of the
agriculture department, through
the new crop control law, to bolster
declining prices of farm commodi-
ties.

2. To provide undernourished and
underclothed relief and low income
families with larger supplies of
food and cotton products.

The proposal, if adopted, proba-
bly would expand activities of the
federal surplus commodities cor-
poration, which has been buying
surplus perishable farm com-
modities to bolster prices.

Its purchases, which have been
small compared to those contem-
plated under the new program, are
distributed to needy families
through relief agencies.

Agriculture department officials
said purchases would be made
through regular trade channels,
thus releasing funds more quickly
to stimulate business.

This plan, officials said, was one
of the reasons why President
Roosevelt asked the senate yester-
day to impose "no restrictions" to
administration of relief funds pro-
vided in the \$3,247,000,000 spend-
ing-lending bill.

The senate working without a
dinner recess last night, passed on
numerous amendments to that
measure. It adopted one by Senator
Russell (D-Ga.) providing \$212,000-
000 for farm benefit payments in
addition to the \$500,000,000 already
allotted under the 1938 crop con-
trol law.

The amendment won a substan-
tial majority on a voice vote when
the chamber ignored arguments
that taxes should be provided to
meet any additional farm outlays.

Vandenberg Raps Chamber
Senator Vandenberg (R-Mich.),
revealing that the senate had re-
fused to vote processing taxes
when the 1938 revenue bill was
under consideration, asserted the
chamber later "blithely, blindly and
smugly voted to appropriate the
money."

Acting on another major amend-
ment, the chamber overrode rec-
ommendations of its appropriations
committee and retained a house-
approved allotment of \$100,000,000
for the rural electrification admin-
istration. The committee had sug-
gested a cut to \$25,000,000.

The senate reversed itself earlier
in the day and increased the
limitation on direct relief expendi-
tures to \$125,000,000. On Tuesday

it had voted to hold that fund to
\$50,000,000.

It approved a committee amend-
ment increasing the house-ap-
proved WPA allotment from \$1-
250,000,000 to \$1,425,000,000. The
additional money would carry the
WPA until next March 1, instead
of to Feb. 1 as provided in the
house bill.

Still undecided were two major
proposals.
One was an amendment by the
appropriations committee to pre-
vent use of PWA funds for con-
struction of public utility plants
duplicating private system. The
administration sought its defeat.

The other was a set of amend-
ments to "earmark" large portions
of the bill's pump-priming funds
for flood control, army housing,
and other special projects. Anti-
administration Democrats were ad-
vocating these restrictions.

Connie Mack Fools 'em Again With Alma Mammy Athletics

MACKMEN HAVE WON SEVEN OF LAST 10 TILTS

Indians Latest Victims of Athletics Strong Young Team

BY SID FEDER
Associated Press Sports Writer
They laughed when old Cornelius McGillicuddy hinted he might do something with his apathetic Athletics this season. They laughed when he tossed a couple of ex-college boys into his lineup.
But they're laughing out of the other side of their faces now. For the venerable Mr. McGillicuddy—he's the same old Connie Mack—looks as if he really might have something there in Philly.
It's definitely not a pennant winner that the lean leader has put together; and its extremely doubtful if even so excellent a tactician as cagy Connie can pull his boys out of second-division darkness.

But several of the young gentlemen have been doing such tricks recently that Mr. Mack finds them in the American league's sixth place today, with seven wins in their last ten starts, the latest a 9-5 thumping they handed Cleveland's league-leading Indians yesterday.

Their record shows 75 runs on 103 hits in the last 11 games. Their sudden spurt dates back about two weeks, when "Swingin' Sam" Chapman, the All-America footballer joined the team.

He supplied an extra punch, the likes of which the A's haven't seen for some years. In 15 games, he has hit for .314 and driven in 14 runs.

With the old Indian chief, Bob Johnson, still one of the loop's more dangerous clouters, Sammy's presence has injected a one-two punch of sorts into the lineup. It clicked yesterday, with Bob belting a homer with the bases loaded and Chapman also clouting one with one aboard.

Then there's Lynn (Line Drive) Nelson, who has proved a most pleasant pitching surprise. He went the route for the sixth straight time yesterday, turning in an effective job for his fourth win.

Cleveland's pace-setting margin remained at three full games, as the Yankees also lost. The Yanks found Vernon Kennedy's flinging "too much" and were belted around, 8-4, by the Detroit Tigers. Kennedy chalked up his eighth straight and Hank Greenberg hit his 13th homer.

The Giants' lead was shaved to two games over the Cubs, whose clash with Boston's third place Bees was rained out, when they dropped a 4-1 decision to the Pittsburgh Pirates. The Cardinals featured homers by Ducky Medwick and Eddi Slaughter in walloping the Phillies, 9-4, and Johnny Vandemeer pitched a five-hitter to give the Cincinnati Reds a 4-1 victory over Brooklyn's doleful Dodgers.

Joe Cronin's homer with two aboard was enough for the Boston Red Sox to trounce the St. Louis Browns, 6-3. Buddy Lewis' ninth-inning single drove in the run that enabled Washington's Senators to nose out the White Sox, 5-4.

SHAW, CORBETT IN AUTO RACE

Famous Drivers and Cars To Compete at Altoona Speedway, June 11

ALTOONA, Pa., June 2.—The combination of a car that figured in the establishment of a new world's dirt track record for 100-miles and a veteran driver who has hurried around the leading speedways of the nation from Ascot, Cal., to Rockingham, N. H., may spell the name of the winner of the Altoona speedway's 100-mile national championship June 11.
The car is the high-powered Curtis Shaw special with which Ben Shaw, Woodbury, N. J., drove to the world's record at Langhorne's semi-banked oval last year. The driver is none other than Clay Corbett, Columbus, O., once a member of the famous three-man racing team that included Wild Bill Cummings, a former winner of the Indianapolis Memorial day race, and Chet Miller who finished third in the 1938 classic.

Shaw is also entered in the Altoona race with the same type of car Corbett will drive.

Corbett was one of the leading drivers in the C. S. R. A. circuit last season, finishing the campaign in sixth place in national rankings.

Son of Peter Volo Wins Harness Race

CLEVELAND, June 2.—Onondaga, bay son of the old Grand Circuit hero, Peter Volo, captured both dashes of the \$500 News stake under the floodlights of the suburban Berea track last night. Driven by Charlie Lacey, Onondaga took the mile opener from Deep Run Patsy and, later, the seven-furlong battle from Doc Marshall's Sir Peter Britton.
Fred Hamer shared the seven-furlong dash of the 2:13 pace. Miss Budlong, property of O. C. Adelmann, Mt. Vernon, O., took the first dash from Fred. Lee Berry took all three dashes of the 2:21-17 pace.

Catcher Must Pay For Bad Foul Tip

CLEVELAND, June 2.—A foul ball hit by Catcher Rick Ferrell of the Washington Senators carried a \$300 price tag today.
County Clerk John J. Busher issued body attachments yesterday for Ferrell and E. B. Eyrion Jr., the Senators' traveling secretary, because of a \$300 default judgment awarded Mrs. Marie Kaeser.
Mrs. Kaeser claimed a foul from Ferrell's bat injured her at a "Ladies' day" game. The Cleveland Baseball club, named a defendant in her suit, won a dismissal—but Ferrell did not appear in court and was ordered to pay.

Terriers Appear Headed Toward Another League Pennant

CANTON, June 2.—The Canton Terriers seemed on the scent of another Mid-Atlantic league baseball pennant today after blasting out a 21-5 victory over the cellar dwelling Dayton Ducks.

The defending champions bunched seven hits for nine runs in the first three innings last night and scored 10 more in the seventh and eighth to complete the rout and fatten their second place position in the standings while the league-leading Erie Sailors were idle. Inclement weather caused postponement of the Charleston at Erie game and a double-header was scheduled there for Friday.

Portsmouth combined five double plays with 10 hits to defeat Johnston 4 to 2 on the Jaws own field and pass up Charleston in the standings.

In the second division, Akron passed Springfield with a 10-4 victory, highlighted by Bill Lentz' first Mid-A start.

He scattered nine Springfield safeties and got plenty of help from his teammates.

MOTORS DEFEAT LEAGUE LEADER IN LOCAL GAME

Salem Team Turns Back East Liverpool In League Tilt

Halting their losing streak in the Columbiana County Baseball league at three games, the Salem Althouse Motors turned back the league-leading East Liverpool Eagles, 9 to 7, at Centennial park Wednesday evening.

The defeat was the first the East Liverpool nine has suffered in six county league games. It was the Motors second win in five league starts.

Consistent hitting by Eddie Pukalski, Judy Kovach and Charles Huffer and a home run by Bob Chappell played an important part in the Motors triumph. Pukalski, Kovach and Huffer each collected two safe blows.

The Motors pushed over four runs in the sixth frame and one more in the seventh to gain the victory after East Liverpool had taken a 7 to 4 lead by scoring five runs in the fifth frame.

The Eagles brought in their first runs in the second frame when two East Liverpool players crossed the plate. Salem came back with four runs in the last half of the fourth inning and held a 4 to 2 lead until the Eagles scored five runs in the fifth.

All but one Salem player hit safely as the Motors slapped three East Liverpool pitchers for 12 bingles, five of these for extra bases. Orsok started on the mound for the Eagles and lasted three innings before going to the showers in favor of Baker, who went two innings before giving way to Mackal, who finished the game.

Duane Loudon and Wally Davis alternated on the mound for Salem, Loudon pitching four and one-third innings and Davis hurling three and two-thirds frames. Together the two Salem twirlers allowed eight hits.

The Motors will play a return engagement with the Eagles at East Liverpool Sunday. They will play their next home game against East Palestine at Centennial park next Wednesday.

Armstrong Vengeful Ring Foe But Quiet Family Man

Spends Hours Trying To Get Hold of Barney Ross To Apologize for Tuesday Beating

NEW YORK, June 2.—Henry Armstrong devoted an hour to the giving of Barney Ross one of the most unmerciful beatings ever meted out to a champion, and then yesterday he spent hours trying to get hold of Barney on the telephone so he could ask him how he was feeling.

Henry must have known how Barney felt, because it was no secret the Barney's face was terribly swollen and that he was grieving for his lost welterweight title. But it was typical of Armstrong, a friendly little Negro, that he would want to say he was sorry.

Even should he add the lightweight crown to his abnormal collection of titles when he meets Lou Ambers on July 27, there is not likely to be a popular demand for a "white hope" to knock Henry's ears down.

At 25, he is a solid family man, with a wife and child and a home in Los Angeles. He sings in his church choir every Sunday when he is at home.

Nobody around here has seen him excited or heard him lift his voice. He speaks almost flawless English and is approximately five times as intelligent as his noted friend, Joe Louis.

During training at Pompton Lakes, Armstrong was visited frequently by the entertainers from a couple of big Harlem hot-spots. First thing he did after he had disposed of the gallant Barney was to drive out to both places and thank his friends.

One of the more remarkable things about Armstrong is that he has never been out around the face in six years of professional activity. He has skin like a rhinoceros. "I guess he's got blood inside him, but I've handled him in over 60 fights and never seen any sign of it," says Manager Mead.

Two Teams Seeking Opponents In Salem

The Freedom Oil semi-pro baseball club of Cleveland is seeking games with teams in Salem and vicinity. Anyone interested in booking the Freedom club is asked to write George Whitbread, 6611 Whitney ave., Cleveland.

Nat Rogers, assistant match-maker for Mike Jacobs, was notified by cable yesterday that he had won one of the \$500 consolation prizes in the Epson derby.

Nat went to the front of the hippodrome to tell the boys just in time to catch Mike Valentino, a fight manager, who fell dead from a heart attack.

Mike was waiting to be paid off for Johnny Rinaldi, who fought in one of the Ross-Armstrong preliminaries.

Armstrong has never been cut about the face, head or eyes in his 43 fights under Eddie Mead's management.

The smiling gent is Mr. Connie Mack of the Philadelphia Athletics, whose team is going around knocking the blocks off the big shots, especially the Yanks and Indians.

In their last six starts the A's have made 43 hits count for a total of 50 runs.

JOE HEISTAND RISKS TITLES IN OHIO MEET

State Trapshooters Vie This Weekend at Vandalia Shoots

DAYTON, O., June 2.—Joe Heistand, Hillsboro, rated as one of the state's greatest, will defend his state championship when Ohio gunners gather at the A. T. A. grounds, Vandalia, June 3-4-5, for the annual state tournament.

Claybusters from all sections of the state will be on hand to shoot it out for titles, trophies and cash awards.

Since Ohio led the nation in registered trapshoots in 1937, a field in the neighborhood of 200 is anticipated for the shooting Friday, Saturday and Sunday of this week.

Heistand, the amazing farmer who has cleaned up in tournaments in all sections of the country during the past five years, including the Grand American tournament, defends not only the state singles championship at 16 yards, but also the Doubles and the All-Around titles. He was perfectionist in the 1937 Buckeye classic when he broke 200 straight to top the crown.

This year Joe will come to the state event with an even greater incentive than ever before, since he recently wed his home town sweetheart.

Three other 1937 champions have announced their intentions of competing in the state shoot in defense of their titles. R. W. Reese of Niles, who broke 98 out of 100 in the handicap event, will be gunning for a repeat. So will Sally Gordon, of Buckeye Lake, who took fair sex honors with a score of 83 out of 100. And Karl Must, veteran Columbus scattergunner, will also be on hand to defend his professional laurels.

SENATORS SEEK TOWNSEND HELP

Two Members of Ohio
Law-Making Body Ad-
vocate Old-Age Plan

COLUMBUS, June 2.—Ohio senators watched with considerable interest today for the next move in what apparently is a race between two members of the upper chamber for the job as No. 1 advocate of the Townsend \$200-a-month old-age pensions plan.

While some 800 Townsend club members packed the senate chamber yesterday to cheer an address by Dr. Francis E. Townsend, founder of the movement, the two senators jockeyed for an advantage as the leading supporter.

Sen. John F. Myers (D-Stark), since the beginning of the 1937-38 session has advocated the Townsend pension in senate speeches and through introduction of resolutions declaring for its principles. Last week, Sen. Bernard J. McCluskey (D-Cuyahoga) scored a point by introducing a resolution memorializing congress for a constitutional amendment putting the Townsend plan into effect.

McCluskey arranged with the taxation-relief committee to hear Dr. Townsend's personal explanation of his proposal. As the stern-faced Californian, recently saved by presidential pardon from a jail term for contempt of a U. S. senate committee, entered the senate chamber yesterday, both Myers and McCluskey rushed to greet him.

Myers sat on the speaker's rostrum as Dr. Townsend spoke. McCluskey joined them again as Dr. Townsend descended and both accompanied him on the return to the senate chamber. There it ended when Dr. Townsend rushed to the airport to catch a plane. "For God's sake, let's use taxation intelligently," said Dr. Townsend to Ohio legislators, "to build up the wealth instead of tearing it down."

His address was devoted to the customary arguments for the old-age pensions as a business stimulant to be financed through a gross sales tax.

Farm Prices Low
WASHINGTON, June 2.—The level of the farm prices declined in May to the lowest point in four years, the bureau of agricultural economics reported today. Surpluses and lower consumer demand growing out of the business recession sent the price level down 30 per cent since a year ago. All major farm commodities participated in the decline.

rent period compared with \$116,852.84 for the corresponding period last year. The current total included \$488,846.40 in general personal property taxes and \$50,269.00 in classified taxes.

\$6,325 Delinquent Payment
On the basis of personal property returns made for the May settlement \$6,325 was paid on delinquent accounts. Last year's corresponding collections showed \$9,783.24 payment. The total personal property delinquency carried on the treasurer's books is well over \$120,000.

Prosecutor Karl Stouffer has succeeded in collecting about \$6,000 in personal property arrears through the medium of letters to delinquents. If funds are provided he may employ an assistant who will foreclose tax liens in aggravated cases. The same policy may be employed in collection of delinquent real estate taxes.

Collections of the last half 1937 taxes will start July 1. The treasurer has announced continuing until July 20. No extension will be allowed by the state tax commission, Dawson states.

NEGRO LAST TO DIE BY NOOSE

Spiritual Singer Will Pay
Penalty for Attacking
Woman

COVINGTON, Ky., June 2.—Harold Van Venison, one-time singer of Negro spirituals, was prepared to walk to the gallows at dawn tomorrow with a song on his lips. "I'm ready to go. I've made my peace with the Lord and will walk up those steps with a song on my lips," he said as the time neared for his execution for criminal attack on a white woman.

The hanging of the 38-year-old Negro will be the last under Kentucky law. The general assembly this year repealed legislation which required persons convicted of rape to be hanged in the county where the offense occurred. Death in the electric chair is provided by the new statute.

Judge Johnst Northcutt ordered all spectators barred from the tiny court-yard in the center of the old city-county building. Sheriff Henry A. Berndt said witnesses would include a minister, two physicians and deputies. The trap will be sprung by an electrical switch.

The Negro was captured last fall in Aiken, S. C., several weeks after the attack took place.

No More Prizes

COLUMBUS, June 2.—No more will cash prizes be given to gasoline station customers as has been the custom in certain parts of Ohio. Atty. Gen. Herbert S. Duffy said today that representatives of the Standard Oil Co. and the Poca-hontas Oil Co. had agreed to discontinue their "sweepstakes."

ZEPERNICK WILL DIRECT PROJECT

Salem Man Will Supervise
Legion Grave Registration Work

(Continued from Page 1)

Zepernick planned the project during the past three to four years, patterning it after one which the state of New Jersey completed. It was quickly adopted by the Ohio department of the American Legion and then approved by the government.

The project, which is intended to run a year, will have its start in Cleveland where many are on relief and the jobs will be welcomed. Upon completion of the task of registering all war veterans' graves in Cuyahoga county, the scene of the project will shift to Columbiana county.

Headquarters, then, will be established either in Salem or at East Liverpool, Zepernick said. The state Legion headquarters at Columbus always will be in contact with the operations.

County As "Proving Ground"
Columbiana county will serve as a "proving ground", more or less, for the program. Zepernick estimates he has 5,400 graves in this county to locate and register on a duplicate card file.

The card index will be filed, one set at the courthouse of the county, and the other at the office of the adjutant general of the Ohio National Guard in Columbus.

It's all a gigantic task and the work will be tedious, Zepernick said.

The Salem man and his organization will seek the cooperation of individuals, township trustees, county commissioners, churches, patriotic organizations and others who can inform the project crews where abandoned cemeteries and the graves of veterans are located.

It will be comparatively simple for the project workers to secure a map of a city cemetery and locate graves. However, in the rural areas there are many graves abandoned and grown over with grass and weeds. Persons knowing of these graveyards are asked to notify the American Legion post nearest them.

New maps will be made of every cemetery in the state, inscriptions on the maps indicating veterans' graves and the war, or wars, in which they served.

Markers Supplied

The government is required by law to place headstones at the graves of veterans. Bronze markers are supplied by patriotic organizations.

Additional help in locating now-forgotten graves can come from persons interested in genealogy and even from individuals, or families, who, although now residing in some other state, can inform Legion authorities of the location of certain graves.

Zepernick was commander of Salem Legion post in 1937 and prior to that held subordinate offices in the organization. Out of 500 posts in the state, the local unit recently was awarded second place for the best all-around community activity. Zepernick owns and manages the Peerless Mfg. Co. on W. Seventh st., manufacturers of furniture and wood specialties.

FBI Chief In Miami To

Cash Case

ing the hundred of armed men who yesterday beat over palmetto groves and truck lands. An indication of what FBI men think the searchers might find was contained in final instructions of E. J. Connelly, head of the justice department forces, to the posse.

"We must face the strong possibility this little boy will be found dead," Connelly told the posse leaders. "If you see signs of freshly disturbed dirt—dig. Take your time and dig deeply. Look well in every canal you pass, and in every clump of bushes. Overlook nothing."

Found Alive
Connelly also gave instructions that if the boy is found alive he be taken immediately to the nearest hospital or to his home.

One of those questioned in FBI headquarters at Miami yesterday was M. F. Braxton, unemployed carpenter and a Princeton neighbor of the Cash family. He was taken into custody after the agents conferred with the sorrowing father and mother.

There was no confirmation or denial of reports that others taken to Miami were a relative of Braxton, a truck driver, a soft drink stand operator, a fisherman and a man wanted at Homestead for automobile robbery. The Miami Herald said the operator of a Miami night spot was questioned also.

Facing Death

MT. VERNON, June 2.—Common Pleas Judge Hayden had the duty today of sentencing Fred Mosley to death in the electric chair after overruling a motion for a new trial. Mosley was convicted of murder without recommendation of mercy in chasing his wife from their home at nearby Centerburg and shooting her.

SEEK HARRISON AS PARTY HEAD

Mississippi Senator Is
Choice For Campaign
Committee Post

WASHINGTON, June 2.—Several senate Democrats up for re-election are working quietly to put Senator Pat Harrison (D-Miss) at the head of the party's senate campaign committee.

Harrison's selection for the chairmanship, these senators said today, would do much to promote party harmony for the November elections.

The tall, soft-spoken Mississippian is generally popular with both administration supporters and opponents. He has differed with President Roosevelt on some issues, however, and recently criticized the President's views on the 1938 revenue bill.

Senator Barkley (D-Ky), the majority leader, said he would appoint the committee before the session ends and would poll senators who are running this year before selecting the chairman.

Barkley defeated Harrison for the senate leadership last year by a single vote.

Senator Clark (D-Mo), who has fought some major administration legislation, Senator Pepper (D-Fla), who recently won renomination on a new deal platform, and Senator Minton (D-Ind), another administration supporter, said they would welcome appointment of the Mississippian.

Harrison has told some senators who approached him regarding the appointment that he did not want to serve, but they expressed hope he would accept if offered the post. Senators O'Mahoney (D-Wyo) and Byrnes (D-SC) also have been mentioned for the chairmanship.

Meanwhile a bi-partisan group prepared to investigate senate campaign expenditures of both parties.

Headed by Senator Sheppard (D-Tex), this latter committee was appointed yesterday by Vice President Garner.
